We hope everyone enjoyed a wonderful Thanksgiving, time spent with family and friends is always a breath of fresh air. We at LCC can't believe that we are now full swing into the holiday season, we have lots of fun Crafts and enrichment programming to further enhance December!

The days are shorter and the nights are longer. Shorter days means less sunlight and less time outside for the kids to play. We may not be out as long but unless it is below freezing we give those that want, the opportunity to get some fresh air. Some days are cold so if you know your child likes the outdoors please send them with gloves and a hat.

We always remark on how wonderfully the students adapt to the children's Center, it is wonderful to see them sharing good times with good friends. Although we offer a lot of fun and games we also get serious too. Monday thru Thursday we offer homework help and we rarely have a child that does not want to get their homework done,

the staff is so proud of the wonderful students the children are!

November was also busy in enrichment programs. They had Coach Chris, Sewing, and Nature of things. In Sewing the kids made Emoji pillows. Nature of things was a big hit; with the viewing of a red corn snake, silky rooster, chinchilla and a sugar glider. Some of us may never get a chance to meet a Sugar Glider if it were not for Sam from the Nature of Things.

We have some new enrichment planned for this winter, we will be seeing a puppet show and possibly even find some time to make our own puppets. We have a new artist coming to make some amazing project with us, we can't wait to spend some time with Ninja Cat Studios!
